Dear Dr. Ahmadi:

On behalf of Action Against Hunger's staff and beneficiaries around the world, thank you! The Alavi Foundation's exceptional contribution of \$450,000 for flood recovery in Pakistan will enable Action Against Hunger to help an additional 30,000+ at-risk individuals still struggling to cope with the effects of this summer's unprecedented flooding.

We will share a more detailed update on our work in Pakistan when Andrea returns to the New York office in February.

In the meantime, we would love to feature a story about this contribution in our newsletter, which is slated to appear early this spring. We will be in touch to iron out the details on this.

Once again, my deepest thanks for this extraordinary gift!

With all best wishes,

Geoffrey M. Glick
Director of External Relations
