To Whom It May Concern;

We had supports from Alavi Foundation since 1987 with books, money and calanders.

Alavi Foundation is an organization that for the past 40 years has helped natural disasters around the world, be it tsunamis, earthquakes, floods, and Alavi Foundation has contributed to many universities including McGill in Canada. Additionally, Alavi Foundation has generously donated to many Islamic Centers and Schools. Organizations like Doctors Without Borders, Action Against Hunger, American Red Cross and many more have benefitted by Alavi Foundation's generosity. We thank you for all supports these years.

Thank You So Much  
Mostafa Radmard
