Dear Alawi Foundation Members,

Thank you for helping with our school! I didn't know what you guys were doing with camera... probably it was a video or a picture to upload. But anyways thank you for donating money to us again. Our school only had 3 students when it started. It was only my brother & my brother's 2 friends. Since you guys donated to us, we got a lot of supplies, but the school is average, but you made our school awesome. The school got books, desks, & pencils. You made our school better than average, but awesome. Thank you for the **HUGE** support.

Thanking You,
Rugayya Z.
