

Dear Members of Alawi Foundation,

My name is Fatema Balkhi and I am an 8th grade student in SABA Academy. I sincerely thank you for helping our school grow. I always thought how I can go to a good university and get a good career; I want to be an ER doctor. However, since now I know someone is funding the school, I feel safe and relieved about my future. Thank you!

Sincerely,
Fatema S. Balkhi
