Dear Alawi Foundation Members,

I'm very thankful. With your help you made our school better. Now that you donated money to our school, our school can get better for the following years. We could use and get better supplies such as chairs, desks, boards and more. The school would become better with your help. As new students join the school for the following years we would need more help from you guys. Thank you for all your help. We really appreciate it. It means a lot to me and our Saba members.

Sincerely, Sincerely

Sarah Akbarpawc
